CONFERENCE HIGHLIGHTS 36

WUWHS 2022 SPONSORS 97

Subject: Appreciation Letter: "WORLD UNION WOUND HEALING SOCIETIES 2022", ABU DHABI.

On behalf of WUWHS 2022 President Gulnaz Tariq, we would like to thank you for serving as a speaker for the 6th **"WORLD UNION WOUND HEALING SOCIETIES 2022", ABU DHABI.**

When planning an event such as this, it is imperative to gain the participation of experts in the field. Your willingness to share your time and expertise in wound care was critical to the success of this event.

Thanks to your support and participation, we put on an exceptional event with over 190 national and international speakers, 8 Plenary sessions, 16 Free Communication Sessions, 36 Symposia's, 20 Focus Sessions, 20 workshops5 regional views 8 Global celebrations, 15 industry symposia's and 15 Society meetings and panel discussions, welcoming nearly 10000 healthcare professionals from over 87 countries onsite and online, who gave their time and resources to attend and to contribute to WUWHS.

Hundreds of hours went into creating this event. As you know, the wound care industry has been through a lot of change, and it is critical for our delegates to have the opportunity to come together to appreciate these changes and prepare for the future. Thank you for investing the time and resources to help recognize and appreciate our delegates and provide cutting edge education.

Your participation has been nothing but immensely valuable. Without your involvement, we would not be able to aim high and reach our potential.

Once again, thanks very much for your participation in this important Congress.

Best Regards,

Gulnaz Tariq

President WUWHS

WUWHS EXECUTIVE BOARD

Gulnaz Tariq Mir
(UAE)
President

President of WUWHS, Assistant Director of Nursing in Sheikh Khalifa Medical City (SKMC) in Abu Dhabi, UAE. She is a Registered Nurse with a Post Graduate Diploma and BSc. She trained as a nurse in the armed forces and graduated with a gold medal and post-graduation with HONOURs. She has pursued further international wound care training by joining the International Inter-professional Wound Care Course (IIWCC) IR from University of Toronto in 2007, becoming the current course Co Director for the IIWCC for UAE. She has completed her MSc in Skin Integrity from University of Hertfordshire (UK) in 2014. Founder and course director of the Ostomy Care and Management (OCM), she has over 20 scientific publications. She has organized the Abu Dhabi Wound Care Conference for the past 13 years. Founder of International Inter-professional Wound Care Group (IIWCG) she is CEO of IIWCG. She is ex-Director for ISTAP ME.

Marco Romanelli
(Italy)
Past President

Professor and Chairman of the Dermatology Unit - Department of Clinical and Experimental Medicine, University of Pisa, Italy. Coordinator of the 'Task Force in Wound Healing' inside the European Academy of Dermatology and Venereology (EADV). Member of the following Journal editorial board: Wound Repair and Regeneration, Wounds, Journal of Tissue Viability, Journal of Wound Care, International Journal of Lower Extremities Wounds, Wounds Medicine. His main interests in research are: Non-invasive Diagnostic Techniques in Wound Management and Dermatology, Biomedical Sensors, Tissue Engineering, Atypical Wounds Biomarkers. Scientific Director of the International Tissue Repair School (SIRTES, Pisa, Italy) since 2000. Active membership since 1994 in many professional and scientific societies such as European Tissue Repair Society, European Pressure Ulcer Advisory Panel, European Wound Management Association, American Academy of Dermatology, European Hidradenitis Suppurativa Foundation and the Italian AIUC - Associazione Italiana Ulcere Cutanee and SIDeMaST - Società Italiana Dermatologia e Malattie Sessualmente Trasmesse.

Hiske Smart
(Bahrain)
Secretary General

Hiske Smart is a clinical nurse specialist working in the Kingdom of Bahrain at the King Hamad University Hospital. She completed her nursing studies in South Africa to Master's degree level, where after she specialized in advanced wound care with a Postgraduate Diploma in Wound Healing and Tissue Repair at the University of

Cardiff (UK) in 1999 followed by the International Inter-professional Wound Care course at the University of Toronto (Canada) in 2008. She received the Campbell MacFarlane award from the South African Undersea and Hyperbaric Medical Association in 2010 for her role in combining hyperbaric oxygen therapy into the inter-professional clinical wound care domain. She also received the University of the Free State (RSA) Alumni award in 2014 for advancing the field of nursing on an international level. A life time achievement award from WHASA was awarded in 2018 for her work in advancing wound care in Southern Africa. She is teaching faculty for the International Inter-professional Wound Care Course in Toronto and Abu Dhabi. She is the Secretary General of WUWHS.

Afsaneh Alavi
(USA)
Executive

Prof. Alavi is a dermatologist at Mayo clinic in Rochester Minnesota. Prof. Alavi completed her residency in dermatology, a 2-year fellowship in Wound Healing and a Master's of Science in Community Health at the University of Toronto. Her wound care journey started from IIWCC course in Toronto in 2004-2005. She served as the Director of the Wound Healing Fellowship at University of Toronto 2014-2022 and was running a sub-specialty HS and PG clinic in Toronto. She is currently a senior consultant and the medical director of clinical trial unit at department of dermatology at Mayo clinic in Rochester , Minnesota, United states . Her research interests include wound healing with focus on inflammatory wounds such as hidradenitis suppurativa, and pyoderma gangrenosum. Prof. Alavi has received multiple awards including the Practitioner of the Year Award from the Canadian Dermatology Association in 2017, and the Hidradenitis Suppurativa Award for HSF foundation in recognition of her work in HS (2019). She has been Principle Investigator on more than 50 clinical trials and has published extensively in peer-reviewed journals.

Jassin Hamed
(Germany)
Executive

He is a German National Doctor who received his Medical Degree from University of Hamburg, Germany in 1991. He was granted Facharzt in Internal Medicine by Medical Association of Schleswig- Holstein, Germany in 2006. He worked in various hospitals in UK and Germany. Prior to joining SKMC, he was a consultant at Paracelsus Klinik, Henstedt-Ulzburg, Schleswig-Holstein, Germany.

Abbas Anad Al Hassan
(UAE) Treasurer

He is the Manager of Clinical Performance team in Nursing Department at Sheikh Khalifa Medical City (SKMC) with years of experience in Healthcare. Seven of these years are in senior position in healthcare quality and 11 years in healthcare administration. He is treasurer of IWCG for Past 6 years. He is a JCIA expert, EFQM, OSHAD lead auditor. He is a Public Health PhD student, Master Degree Quality Management (MQM), Master Degree in Clinical Psychology (MsPsy). He is an American Board of Medical Quality (CMQ) holder, Certified Professional in Healthcare Quality (CPHQ), Six Sigma Black Belt Certified (SSBBC) from American Association of Quality (ASQ) and a Project Management Professional (PMP). He is a data management specialist, part of SEHA's NIHQM (National Inpatient Hospital Quality Measures) implementation and part of SKMC NDNQI (National Database for Nursing Quality Indicators) team that has established and maintained this initiative as the first hospital in the UAE. He spoke in, participated and led planning for multiple international conferences. He has created and delivered several healthcare quality courses for internationally accredited universities and centers in UAE, USA, and UK. He has conducted and participated and published several research studies and educational booklets and guidelines.

Prof. Harikrishna K.R. Nair
(Malaysia)
Recorder

Dr. Harikrishna is the Head, Wound Care Unit at Department of Internal Medicine in Kuala Lumpur Hospital. He's the National Advisor Primary Health Ministry of Health Malaysia and the Chairman of Pressure Injury Prevention Committee at KLH. Dr. Harikrishna is also a Founding President at Malaysian Society of Wound Care Professionals. He's a Vice Director in Asian Academy of Wound Technology (AAWT) as well as Vice President of the Asian Wound Care Association. He is an Editor of the Wound Care Bulletin & Heal Digest and Board Member of the International Wound Practice and Research Association.

Dieter Mayer
(Switzerland)
External Advisor

Dr. Dieter Mayer, MD, FEBVS, FAPWCA, is Assistant Professor for Vascular Surgery with a longstanding interest in wound healing. As Director of Wound Care at the University Hospital in Zurich, Switzerland, from 2001 to 2016, he established the first dedicated and truly interdisciplinary university wound clinic in Switzerland. From 2016 to 2021 he was Director of Vascular Surgery & Wound Center at the University associated Cantonal Hospital of Fribourg where he successfully introduced a variety of new techniques and clinical studies for skin substitutes in chronic wound patients. He regularly teaches students in vascular surgery and wound healing and is involved in major projects to support wound healing as a specialty of its own. As a wound healer, Doctor Mayer networks throughout the world to support and make a difference in wound healing.Dr. Mayer is Past Executive Director of the Swiss Association for Wound Care and executive board member of WUWHS 2022 in Abu Dhabi. In 2022, Dr. Mayer decided to fully dedicate his life to the complex field of wound healing. He is now Medical Director of the Kammerlander Wound Academy and of the newly established Embrach Wound Competence Center in Switzerland.

Sadanori Akita
(Japan)
Interim Board Member

He got his residency in Plastic Surgery at Nagasaki University Hospital, Japan and later his PhD from the Graduate School of Nagasaki University specialising in Plastic and Reconstructive Surgery. Research fellowship at Cedars-Sinai Medical Center, University of California, Los Angeles (UCLA) under the supervision of Shlomo Melmed on a cytokine expression and its regulation in vivo by using a transgenic animal model. He held the position of General Secretary of the 4th WUWHS Congress (Yokohama, Japan, Sept 2-6 2012), becoming the President of the WUWHS for the years 2012-2016. He is currently the President of the Asian Wound Care Association (AWCA). His research interests include: Cytokines and Stem cells in Wound Healing, Difficult Wound Healing (radiation injury), Regenerative Tissue enhancement to HIV-drug related-wasting patients, Reconstructive Surgery, Burn and Craniofacial Surgery. His list of publications includes 85 peer-reviewed English original articles, 15 English overviews and 18 English-book chapters with 3 editorship of the books.

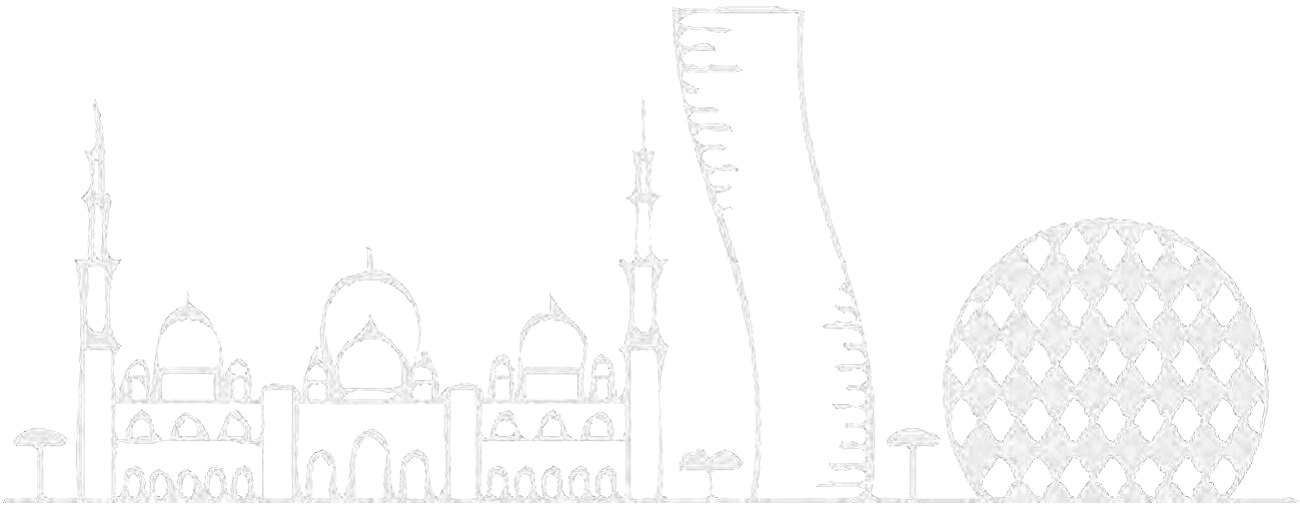

R. Gary Sibbald
(Canada)
Interim Board Member

Dr. Sibbald is a dermatologist and internist with a special interest in wound care and education. He is a professor of Medicine and Public Health at the University of Toronto and an international wound care key opinion leader (educator, clinician and clinical researcher). Dr. Sibbald is co-founder of the Canadian Association of Wound Care (1995), chairperson (1995-2000) and was the former Director of the Wound Healing Clinic, Women's College Hospital (1994-2009). He is also a previous president of the World Union of Wound Healing Societies (2008 – 2012). In 1999 he co-developed the International Interprofessional Wound Care Course and has been the director for 40 courses worldwide. Professor Sibbald received the Queen Elizabeth II Diamond Jubilee medal in 2013 and Honorary Doctor of Science from Excelsior College in 2014. Investigator, Institute for Better Health at Trillium Health Partners. Currently he is the project ECHO lead (2018) for Ontario Skin and Wound to develop interprofessional teams for all 14 Ontario Local Integrated Health Networks. He has over 200 publications and is co-editor and chapter author of the Chronic Wound Care 5 textbook. Currently he is the Co-editor in chief of Advances in Skin & Wound Care.

Keith Harding
(UK)
Interim Board Member

Professor Harding has had a longstanding interest in wound healing. He was appointed as the first Director of the Wound Healing Research Unit in 1991. From September 2013 to December 2018 he was Dean of Clinical Innovation at Cardiff University and in 2014 was appointed as Medical Director of the Welsh Wound Innovation Centre. His clinical practice is exclusively focused on treating patients with wound healing problems with a wide range of aetiologies. He holds external professorial appointments at universities in the UK, Australia and Singapore. He has authored over 350 publications in the field of wound healing and has written a number of chapters and books in this area. He is the Editor-in-Chief of the International Wound Journal. He was awarded the CBE in the New Year Honours list in January 2013 for Services to Medicine and Health Care. In 2013 he was awarded £4.2 million to set up the Welsh Wound Innovation Initiative part of which has enabled the setting up of the first Wound Healing Centre in the World. In 2014 he was awarded The Learned Society of Wales Fellowship. In 2018 he, with others, was awarded a £24 million European grant to establish a Clinical Innovation ecosystem across South Wales. In 2018 he was appointed as a Senior Clinical Research Director at the A Star Institute in Singapore and is part of a SG$28 million wound programme grant.
