## SHOW SUMMARY

Dear Conference Participants,

We would like to express my heartfelt thanks to each of you who participated in the 15th ADWCC.

With over a year of work in progress, it is fair to conclude that the conference of two days was a great success! So many people have contributed in so many ways to turn this event into a smoothly running meeting with many very interesting presentations, lectures, workshops and posters and a very motivating atmosphere for discussion and networking.

We welcomed nearly 1456 healthcare professionals from over 39 countries, who gave their time and resources to attend and to contribute to our 15th annual event composed of more than 24 sessions, forums, symposiums, panel discussions and meetings that addressed today's most pressing questions facing the field of wound care. Additionally, we offered masters continuing education courses to advance members' personal and professional development, with topics ranging from best practices at IIWCG followed by an exhilarating graduation ceremony.

I owe much gratitude to all 60 local & international speakers for their time, undying support and efforts for giving structure to the program and wish them a safe journey back to their respective countries. Hopefully you enjoyed both the scientific part and the social programme and that you used the opportunity to extend your existing networks. I am sure that the cooperation with most of you will continue in the near future.

We would like to give special thanks to the Abu Dhabi Convention Bureau, SEHA, SSMC, M42 for supporting our event.

Our heart full thanks to Sponsors, Exhibitors and Supporting Associations of the conference.

Your generous contribution helped make our vision a reality by helping to offset the cost of holding the Conference. Your participation has been nothing but immensely valuable. Without your involvement, we would not be able to aim high and reach our potential. As we continue to grow as a chapter, please know that partnerships with our sponsors are vital to the success of this chapter. You are truly appreciated.

Furthermore thanks to my effective organizing & volunteering teams who worked so hard to put together the conference and for their outstanding work in running the event very professionally. We are deeply appreciative to our organizers and all the wonderful volunteers as well as Team ADNEC who have taken care of professional excellence and high-quality catering.

Thank you all so very much once again

**Ms. Hiske Smart**
